WORK EXPERIENCE

Nielsen

7/2012 - Present

An American global information and measurement company.

As an **Analyst** I assist in creating online surveys. On my own initiative, created tools that accelerated production, eliminated monotonous tasks, and increased accuracy.

MS Access, XML, VBA Script, Excel, Word

Team Health

10/2008 - 5/2012

One of the nation's largest providers of hospital outsourcing.

As a **Multimedia Specialist** I worked in the training department. Responsible for coding on Team Health's mandatory employee training application. Other duties included website coding on the company intranet. Strong troubleshooting skills. Demonstrated ability to learn new software packages. Location closed.

Flash (AS2), Photoshop, HTML, CSS, Javascript, JQuery, VB.NET

Citi Mortgage

12/2002 - 10/2007

Provides information about mortgages & home loan products.

As a **Web Developer** I was responsible for programming web pages for the corporate intranet. Recognition as employee of the month. Mentored 2 members of the Intranet team. Learned new software applications to advance in career. Additional responsibilities in the Database Marketing department. Location closed.

Flash, Actionscript 2, HTML, CSS, Javascript, Filemaker Pro, SQL

Motorola

3/2001 - 3/2002

Global leader in providing integrated communications solutions.

As a **Multimedia Developer** I worked in the training department, Motorola University. Key member of development team with two other programmers and four designers. Created interactive training for CD-ROM and Websites. Quickly grasped complex programming techniques and increased skill level. I was a contractor through DUA Resources, Boca Raton Florida. Location closed.

Flash (AS2), Macromedia Director (Lingo)
